NEW BUSINESS

District Improvement Planning Workshop

Ms. Federspiel thanked all the attendees for their participation in the workshop and advised them the purpose of the workshop and how the results of the workshop will be put into action in the development of the District Improvement Plan. The attendees broke into six brainstorming groups to discuss suggestions and ideas. After brainstorming for a hour and a half, the groups reported out on what they felt were priorities for the school committee to consider when developing the improvement plan by listing them out. In conclusion each attendee indicated what they felt on the combined lists were their top four priorities. All lists will be put into one spreadsheet and reported out at a future school committee meeting.
