2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Mission

The mission of Pierce Elementary School is to provide a safe and welcoming community where all students feel supported in developing the skills necessary to prepare for a successful future.

School Vision

The vision of Pierce Elementary School is to work with all members of the school community to become an equitable and inclusive model in education.

School Description

At Pierce Elementary School, we believe that all people are unique and valuable and need to feel safe and respected in our learning community. We believe all students can be successful and become life-long learners. We believe that learning occurs by implementing a rigorous, balanced curriculum that engages and inspires the curiosity of students. We take pride in our campus and believe that children learn best in a welcoming, safe, and clean environment. We believe that the home-to-school connection is a critical element in the development of successful, life-long learners. Since we believe in providing families with educational opportunities and the support they may need to foster their child's academic success, we actively encourage parents and other family members to become involved in their children's education through school committees, parent organizations, surveys, and participation in family nights. At Pierce, our teaching staff is committed to continually improving their instructional practices through professional development and collaboration. All teachers have received or will receive Comprehensive Early Literacy training for kindergarten through grade three or Extended Literacy training for grades three through five. In the recent past, our English language development program has received commendations from the California Department of Education. In the spring of 2016, Pierce was recognized as a California Gold Ribbon School and a Title I

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The district chooses textbooks from lists that have been approved by the State Board of Education for Grades K-8. Sierra Sands Unified School District holds an annual public hearing prior to the eighth week of school to determine textbook and instructional materials sufficiency.

School Facility Conditions and Planned Improvements

Buildings

Due to renovations and modernization in 2009, Pierce Elementary School has updated plumbing, electrical, and heating/air conditioning systems. Our phone, fire, and alarm systems are state of the art and provide improved safety for our staff and students. As part of the remodel, our campus was also enclosed with security fencing, which provides additional safety for students and staff. The remodel also equipped each classroom with an ELMO document camera, an ENO Board with LCD projector, and a built-in sound system.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

Library

A media clerk staffs our library. We continue to increase our number of up-to-date library books, including many bilingual resources. Each class has weekly library and research time. Circulation has increased dramatically, thanks to parent checkouts, library availability during recess and lunch breaks, and our Accelerated Reader program, which tracks student progress using computer-based testing. We have updated Accelerated Reader to the new Renaissance 360 which gives our students access to all Accelerated Reader quizzes. Our library clerk supports students in the annual third, fourth, and fifth grade Battle of the Books which requires students to read 20 books and compete against other schools in the district and the county.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

The Pierce staff encourages parents to become involved in their children's school. When COVID-19 restrictions permit, parents assist in classrooms, in the library, and at school wide events such as the Junior Olympics, Battle of the Books, and Family Nights. They chaperone field trips and are involved in governance roles on our School Site Council, English Language Advisory Committee, Superintendents council, and other site and district advisory committees. We require parent and community volunteers to sign in at the office and wear a badge while on campus. To find out how one can become involved and make a difference at Pierce School, please call the office at (760) 499-1670 and ask to speak with our principal, Mrs. Shyanne Ledford.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.20	0.02	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Staff members provide supervision at all times while students are on campus. In the morning, designated staff members supervise students until the gates and cafeteria are open. Then supervision shifts to staff members in those areas, and a rotating roster of staff members provide supervision during all snack breaks and recesses. Five noon duty supervisors ensure that the playground remains safe during all lunch recesses, and staff members are designated to provide supervision in front of the school until all students have left campus. All visitors must sign in at the office with valid government-issued identification and wear badges when entering the campus. As a part of the annual update, the School Safety Plan is reviewed and approved by the School Site Council. The school holds monthly drills which include fire, earthquake, bus evacuation, and lockdown drills. The School Safety Committee meets monthly to review and address campus safety concerns. Parents and other visitors are encouraged to share safety concerns with Pierce staff as well.

2020-21 Types of Services Funded

Federal Title I money was utilized to fund a full-time project teacher, a classroom paraprofessional, and parent involvement opportunities. In addition, a grant from the California Department of Education was received, which provided funding for the After School Education and Safety (ASES) program and a before-school enrichment program. Along with the general education funding from the state and special funding for these special projects, the Parent Connection fundraisers and donations from local businesses contribute to purchases for student incentives, P.E. equipment, supplemental technology programs, and new resource materials for our library. The local Altrusa Club (a service organization) donated \$250 to Pierce School to purchase books so that all children at Pierce received a new book either at the beginning of the school year or for their birthday. The district's Local Control Accountability Plan (LCAP) provides funding for the full-time counselor who provides Tier I (classroom), Tier II (small groups), and Tier III (individual) supports and to further implement the site's Positive Behavior Intervention and Support (PBIS) goals. The district's LCAP also provides funding for the full-time computer paraprofessional who provides supplemental support in technology and intervention to lessen the digital divide.

Professional Development

Sierra Sands Unified School District provided a minimum average of 3 days (or eighteen hours based on 6 hours/day) of professional development in the 2019-20 school year, 5 days (or thirty hours based on 6 hours/day) in the 2020-21 school year, and 3 days (or 18 hours based on 6 hours/day) in the 2021-22 school year. The primary/major areas of focus for professional development include but are not limited to: full implementation of adopted programs, alignment to Common Core State Standards, identification and implementation of best instructional practices, technology proficiency, data analysis of student performance, and student engagement. Additionally, sites provide professional development throughout the year as outlined in the School Plan for Student Achievement. Areas of focus were selected based upon department needs, CAASPP results, Interim Assessment Block (IAB) results, and Dashboard results. Professional development is delivered in a variety of ways including but not limited to conference attendance, contracted professional development/SSUSD Instructional Coaching delivered within the contractual workday, individual instructional coaching, and after school workshops.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
