Dean's report

Night lock update

- The student body has raised close to \$2000, \$5000 worth of materials have been purchased so far, this will not include installation
- Students working hard to raise money in roundtables
- End of the year fundraiser can be focused toward this
- Scott noted that the new budget that was approved noted that 25% of the budget was approved to go toward safety items for the school. Right now this is \$1,428. It was noted that if any giving of the PTSG helps to exceed the goal for night locks the money can be used for other safety measures and tools.
- We discussed that PTSG could have a discussion about matching funds with the kids if that would give them more incentive to raise money
- Other information: Dean Hayes thanked the PTSG for providing a Baked Potato Bar for the staff. It was well received and appreciated

Batman movie fundraiser

- Food will be coming from the Taphouse. \$500 deposit was needed
- Winter Games night was successful, it was more of a social event than a fundraiser- ~\$100 was raised
- Different locations are being discussed for the high school field trip, leaning toward Six Flags Looking at the cost per student to be \$45-55pp possibly 8AM-10PM
- More planning needs to be done on the Spring Fling- this event includes the whole school and has booths for fundraising for each roundtable
- It was suggested that roundtables combine for the booths, it was a lot of work for the teachers in the past
- Shahad noted that Mr. Mihaly's class has raised \$200 on gofundme for nightlocks
- Movie fundraiser discussed, Dean Hayes said that if an event includes only high school the movie rating could be PG-13, but if it was a whole school event or just middle school that PG should be used. She also asked

that the movie be widely published for parents to know what would be shown so they can use their own discretion about whether students should attend
