

April 15, 2020

Hello FDS Families, Staff, and Board:

Thank you to all of the families that we saw yesterday at FDS during pick up of Distance Learning materials. All of the teachers and staff in attendance were very excited to see many of our dearly missed students. Though it was a very successful pick up day with almost all families receiving their Distance Learning materials, we still have a small amount left. If you were not able to pick up your student's materials yesterday, please pick up the required items tomorrow, Thursday, April 16 between 10:00 a.m. and noon. The materials are required as they will be collected on May 4 for grading purposes and ultimately for report cards.

Please look for more information and details regarding technology access, grading, return of student personal belongings, and other school closure/Distance Learning related matters in Friday's Family Newsletter.

Thank you.

Jack
Superintendent/Principal
