Many of the credits are transferrable to colleges and universities throughout the nation. Students must register for college credit and pay any related fees in the first few weeks of the semester. If your child is enrolled in the free or reduced lunch program, please consult with the MCC website for more information related to financial assistance. For further information on these opportunities and the number of credits the courses carry, consult the specific department sections of the IHS Course Catalog and discuss with your classroom teacher.

Please note if a student enrolls in a dual credit course, their final grade will be reflected their high school transcript and on the MCC college transcript. Course weighting for college-level courses taken takes place only on the high school transcript.

This opportunity is optional, but highly recommended because of the numerous academic and financial benefits. The **online registration period is open till September 30, 2021**. More information can be found at the MCC's dual enrollment page at: <https://www.monroecc.edu/apps/dual-enrollment-registration/>

If you are interested in this opportunity please talk to your student to see if they have already registered in class, if not please talk to your student's teacher.
