TWO SPORT PARTICIPATION

In order to allow students to maximize their potential students may participate in two school sports that occur during the same season. Sports which run concurrently are: golf, football and cross-country during the fall; basketball and wrestling during the winter; and, tennis and track in the spring. In order to minimize conflicts, the following guidelines and procedures have been adopted:

- A. The student must have and maintain an overall GPA of 2.00.
- B. The student must receive in writing the permission of the coaches of both sports in order to participate in both sports.
- C. The student must work out an acceptable practice schedule with both coaches.
- D. If a conflict arises over missed practices, lack of practice time, or inequity with teammates, the two coaches of the sports involved and the school Athletic Director shall discuss the situation. If no solution can be found, the student will be encouraged to choose one sport.
- E. Should a student decide to submit an appeal, a panel composed of the principal, athletic director, and the head coaches will convene upon the principal's receipt for a hearing/review. Reasons for the hearing should clearly be stated in writing.

I have carefully read, understand and will comply with all of the above information and guidelines.
