New State Laws of 2007 Affecting School Districts (cont'd)

Student Dental Health
Certificates

Chapter 29:

Beginning September 1, 2008, par-
 ents will be required to furnish a pu-
 pil's dental health certificate upon en-
 rollment in school and whenever a
 health certificate is required to be fur-
 nished. School officials may request
 an examination and dental health his-
 tory of a child at any time in their dis-
 cretion to "promote the educational
 interests" of such child. The certifi-
 cate cannot be more than 12 months
 old and must state whether the child
 is in fit dental condition to attend
 school. School officials will be re-
 sponsible for placing these dental
 health certificates in each student's
 cumulative health record. The De-
 partment of Education will be respon-
 sible for keeping a list of dentists to
 whom parents may be referred.

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental exam in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Section 1. To be completed by Parent or Guardian (Please Print)

Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities? Yes No

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Section 2. To be completed by the Dentist

I. The Dental Health condition of _____ on _____ (date of exam) The date of the exam needs to be within 12 months of the start of the school year in which it is requested. Check one:

- Yes, The student listed above is in fit condition of dental health to permit him/her attendance at the public schools.
- No, The student listed above is not in fit condition of dental health to permit him/her attendance at the public schools.

NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.
