ATTENTION 5TH, 6TH, AND 7TH GRADE PARENTS

ROBOTICS CLUB

Does your child like to tinker with tools? Does your child show an interest in computer programming? Does your child like figuring out how things work? Is your child looking for a different kind of team? If you’ve answered “yes” to any of these questions, then please come and see what Oxford FIRST® Tech Challenge (FTC) robotics is all about!

We are hosting an information session for parents to meet coaches and learn about teams and how to apply.

PARENT MEETING
